## Memorandum

**To:** Individuals Interested in Wild Horse Management in the BLM Little Snake Field Office  
**From:** Kristi Parker Celico, Heather Bergman, and Helen Littrell, The Keystone Center  
**Re:** Agenda and Materials for the July 21 Wild Horse Meeting  
**Date:** July 14, 2005

As a reminder, there will be a meeting on Thursday, July 21 to discuss wild horse management issues in the Little Snake Field Office. Specifically, this will be a meeting to learn about the draft alternatives that BLM is developing for their Resource Management Plan (RMP) and provide input into these draft alternatives at a very early stage. The RMP is a management document that BLM will use to guide their actions and priorities over the next 20 years.

This meeting will occur on Thursday, July 21 from 6:30 p.m. to 9:00 p.m. at the BLM office in Craig, which is located at 455 Emerson Street. An electronic map to the BLM office is available at the following web address:

Attached please find a draft agenda for the meeting and also the pages from the July 14 RMP Alternatives draft that address wild horse management issues. A complete copy of the July 14 RMP Alternatives draft can be found at: [http://nwc.org/Resources/BLM%20Documents/BLM Draft Alternatives\\_7-13-05.pdf](http://nwc.org/Resources/BLM%20Documents/BLM%20Draft%20Alternatives_7-13-05.pdf) or by contacting Jeremy Casterson of BLM at [jeremy\\_casterson@blm.gov](mailto:jeremy_casterson@blm.gov) or (970) 826-5071. Please review the draft agenda and alternatives document in advance of the meeting and call Kristi Parker Celico, the facilitator for the meeting, with any questions or suggestions. Kristi will be on travel a great deal between now and the meeting, but can be reached at [kparker@keystone.org](mailto:kparker@keystone.org) or via cell phone at 970-390-8904. Or contact Helen Littrell at 800-574-8157, ext. 5825 and she will track Kristi down for you.

In preparation for the meeting, it would be helpful to consider responses to the following questions:

- What are the biggest wild horse management concerns in the BLM Little Snake Field Office right now?
- What current wild horse management approaches are working effectively?
- What are your greatest concerns about how the RMP will address wild horse management issues?
- What are your greatest hopes regarding how the RMP might address wild horse management issues?

We look forward to your participation.
